

Princia Mirielle ISHIMWE

ABOUT ME

Aspiring **Software engineer** building a strong foundation in programming languages such as **Python, SQL** and **Rust in the future**. Curious, hardworking, reliable, I enjoy turning complex ideas into simple and practical solutions while continuously learning and growing through new experiences. Beyond technology, I am passionate about *reading, traveling, discovering and learning new perspectives*, which contribute to my creativity, communication skills, and open-minded approach.
